PRESS RELEASE

January 17, 2007

On January 16, 2007, Deputy John Fournier of the Cumberland County Sheriff's Office arrested Alton Grover, 57 years of age from Parsonsfield for operating after suspension, illegal attachment of registration plates as well as two warrants. One of the warrants was for failure to appear on a previous operating after suspension charge.

Mr. Grover's license history shows 31 convictions and 14 suspensions and our records show that he was arrested for operating after suspension on at least three occasions during 2006. This individual is a good example of someone who just doesn't "get it". This individual should not be on the road, but apparently is willing to take that chance, frequently.

If you have any further question, please feel free to contact Chief Deputy Kevin Joyce at 774-1444 extension 2115.
